Dear
Annelise

Thank you so much for sharing some of your fantastic poetry with us. I found your poems very historical, and the way you spoke your poems were adorably enthusiastic! My favorite poem was the belly-dancing one, it was really funny! I liked that poem the best because it is cool the way the belly-dancing part connets with the way the bee collects its polden and I admired your interest. Your poems will be very memorable to me and our school, hope to see you again sometime!

Your sincely
